

A4F05 - NOTES AND COMPUTED VARIABLES
(Phlebotomy and CBC Data)

Computed Variables

A05FSTMN - total number of minutes fasting based on time and date an individual last ate and time and date blood drawn.

A05FAST - code indicating whether an individual reported fasting for at least 12 hours. Responses are YES, NO or missing based on the calculated variable A05FSTMN. It was generated using the following statements:

IF 720 <= A05FSTMN <=2940 THEN A05FAST = 'YES'

IF 0 < A05FSTMN < 720 THEN A05FAST = 'NO'
